### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### *Oath/Declaration*

2. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because it incorrectly references the filing date (Day/Month/Year filed) for claimed foreign priority application 2003-091395 as 3/28/2003. The correct filing date is 28/3/2003.

The previous noted incorrect filing date (Day/Month/Year filed) for claimed foreign priority application 2003-270270 as 2/7/2003 is correctly noted as 2/7/2003.

3. The following is an examiner's statement of reasons for allowance:

Uehlein-Proctor '633 is the best art of record.

Claims 1,7,11 and 16 are the independent claims.

Uehlein-Proctor '633 lacks the feed mechanism comprising a first rack fixed to the housing with a column of teeth, a second rack fixed to the body with a column of teeth and a pinion that is positioned in engagement with the teeth of both a first and second rack, wherein the pinion is axially movable relative to each of the first and second racks and whereby rotation of the pinion causes relative axial movement between the body and the pinion and further relative axial movement between the pinion and the housing.

Claims 1 and 3-19 are allowed.

Art Unit: 3722

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning the content of this communication from the examiner should be directed to Michael W. Talbot, whose telephone number is 571-272-4481. The examiner's office hours are typically 8:30am until 5:00pm, Monday through Friday. The examiner's supervisor, Mr. Boyer D. Ashley, may be reached at 571-272-4502.

In order to reduce pendency and avoid potential delays, group 3720 is encouraging FAXing of responses to Office Actions directly into the Group at FAX number 571-273-8300. This practice may be used for filing papers not requiring a fee. It may also be used for filing papers, which require a fee, by applicants who authorize charges to a USPTO deposit account.
